

Project Title	Summary	School	Sponsor Educator	Amount
<b>Virtual Travel with Google Cardboard</b>  <i>Stephen Gray Innovation Grant</i>	<p>This grant will enable the techno library teacher as well as classroom teachers at Hopkins and Elmwood to immerse their students in virtual field trips bringing abstract concepts to life as well as offering the students a deeper understanding of the world beyond our classrooms. It will fund 60 View Masters and applicable devices for running Google Expedition. They will be stored in the library where teachers can sign them out.</p>	Hopkins	Betci Weldon	\$7,760
<b>Standing Desks</b>	<p>There is currently a movement towards standing desks for students, which allows for comfortable, ergonomically correct positioning, while helping with attention, behavior, and focus. This grant would pilot 12 standing desks in one 5th grade classroom.</p>	Hopkins	Rachel Siegel	\$6,749
<b>Reducing Stress and Creating Emotional Resiliency on a Community Level Through Mindfulness and Restorative Practices</b>	<p>This grant provides professional development for MS teachers to learn Mindfulness &amp; Restorative Practices and how to implement in their classroom. There will be coaching to develop a school wide program. As a part of this program development, there will be a speaker presentation to staff, students and parents.</p>	HMS	Samantha Harris	\$16,614
<b>Google Cardboard for the Classroom - Bringing the World Alive Virtually for our Students</b>	<p>This grant will enable the MS teachers to immerse their students in virtual field trips bringing abstract concepts to life as well as offering a deeper understanding of the world beyond their classrooms. It will fund 30 View Masters and applicable devices for running Google Expedition. They will be stored in the library where teachers can sign them out.</p>	HMS	Karen McDeed	\$3,860
<b>Write On</b>	<p>This grant will provide a unique, creative and new assessment tool for students in the 7th and 8th grade Foreign Language program. The Think-Boards are dry-erase film that will be applied to each student's desk. The Think-Boards will facilitate collaboration in the classroom, reinforce grammar skills and allow for timely feedback to students when writing in a foreign language.</p>	HMS	Dawn McNally	\$1,265

<p><b>A New Vision for Learning in Hopkinton's Secondary School Libraries -HHS Library Learning Commons Model &amp; Digital Information Hub</b></p>	<p>Hopkinton HS has recently become a fully integrated 1:1 school. This grant will allow the HHS library to be poised to reinvent itself and serve not only as a 1:1 technology resource but as a collaborative learning commons center as well as becoming a true digital learning hub.</p>	<p>HHS</p>	<p>Kirsten Fournier</p>	<p>\$21,537</p>
<p><b>The Fusion of Art, Science, and Self Expression through Filmmaking</b></p>	<p>This grant will support the initial technology needs, from videography work through editing, for three film courses that were developed as part of a complete redesign of the high school's engineering/technology offerings. Students will work with creative writing students and art students to create and produce their films.</p>	<p>HHS</p>	<p>Joseph Williams</p>	<p>\$13,463</p>
<p><b>Fab Lab: 3D-Design and Fabrication Cross Curricular Course</b></p> <p><i>EMC Grant for Mathematics &amp; Science</i></p>	<p>This grant will enable the HS to offer a new interdisciplinary course where students will learn to use art and the engineering design process. The classroom will be a dynamic and collaborative environment where teachers and students can discover and share ideas. The course will serve those interested in Art, Architecture, Engineering, Sculpture, 3D Design, and Fabrication.</p>	<p>HHS</p>	<p>Christine Enos</p>	<p>\$8,913</p>
<p><b>Mark Korbey Leadership Training for Varsity Captains</b></p> <p><i>Mary Korbey Leadership Grant</i></p>	<p>This grant will provide leadership training for Varsity Captains in three 5-hour workshops. The results will empower captains to be better role models for team members, effective communicators with fellow athletes and will help develop a systematic approach to achieving team success. This grant will honor Mary Korbey and her passion for education and empowerment through athletics and teaching athletes to be good citizens in all aspects of life.</p> <p>This grant will honor Mary Korbey and her passion for education and empowerment through athletics and teach them to be good citizens in all aspects of life.</p>	<p>HHS</p>	<p>Steve Simoes</p>	<p>\$6,750</p>
